### WARNING :

Make sure you have enough water in your troughs in your meadows.

### - WARNING -

*"Account abuse is harmful for game fun"*

We want to remind you that SimAgri allows only one account per person.

Accounts are checked every day to avoid (present in all games unfortunately) cheating. If we find any rule breaking, the account is immediately de-activated (cf game rules "banning from SimAgri").

We want to remind you that cheating is detrimental to the whole SimAgri community it penalise not only the players but also the team in charge of the site as they spend time checking accounts instead of spending

### - NEW STUFF THIS MONTH -

- Game rules are being reviewed.
- Developing the green market activity.
- Small optimisation / correction / changes .

### - NEW STUFF TO COME -

- New rules interface under preparation.
- Greenmarket development.
- Special celebration for SimAgri 4 years.
- Optimisation / modification / correction of several small elements.

### - THE TEAM'S WORD -

-This week we will give the green market development a boost, this activity should be ready by the end of January 2009. It will be accessible to everybody without unlocking or seniority condition.

-This week is also a celebration, SimAgri was launched 4 years ago, on the 10th of January 2005. A special "SimAgri 4 years" quizz is available all week long. The 3 winners will get a miniature. Good luck to you all.

-You will also have a chance to win a couple (bull and cow) from a bovine rare breed if you are lucky by clicking on a star that will randomly appear in your farm while you're playing simagri. You won't be able to buy this breed from the coop as it will not be available and you should only be able to sell it during the GenetiSim Show, the new show for animal contests.

-Finally, on each server, the older registered players will also get a couple from a rare breed.

Good game to you all,

### - SIMAGRI 4 YEARS QUIZZ -
