

**SIMAGRI**

# SIMAGRI WEEKLY COMMUNIQUE

SEASON 25  
NOVEMBER  
N° 120

## CROPS

Sowing :

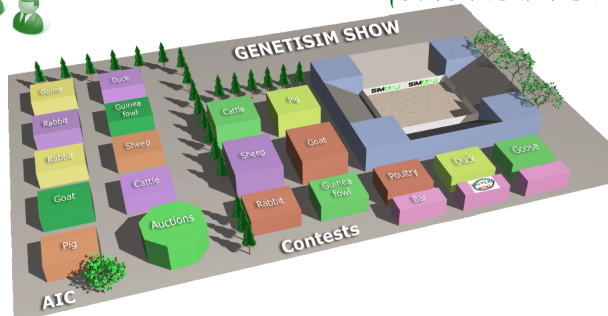

Wheat  
Oat  
Barley  
Triticale  
Faba bean

Harvest :

Grain corn  
Ensiled corn  
Sugar beet  
Cotton  
Green bean

## GENETISIM SHOW

-Regional contests are now finished, if your animals qualified for the national contests, prepare them carefully. Good luck !!!

-All players with an IAC can now make a reservation for a stand on the GenetiSim (1.000 euros), you can chose how many doses you'd like to sell.

To do so, click on the icon located on your doses in labs. You can also check and modify the amount of doses through the GenetiSim/My doses tab.

## ANIMALS

Sheltered :

All species but buffalos

Free range :

Buffalos (buffalo ration), meat cattle and sheep (winter ration).

The cold season is here, don't forget to feed animals you leave outdoors with buffalo or winter rations.

## SIMAGRI NEWS

Lately we added a few improvements. For example you can now insure several machines in just one click. We also created a directory for farmers willing to purchase some equipment in partnership. It makes it easier for farmers to get in touch for partnership. Also, for the Regional Agricultural Cooperatives (RACs) there are now several sizes of livestock feeding factories.

The coming week, we will be working again on improving and correcting some game features.

Good game to you all ,

## SIMAGRI CONTEST

-This Sunday 26th of September 2010 a lottery drawing took place. The prize was a SimAgri T-shirt and the winner is **FABIEN71** (France 1 server). Congratulations to him, the T shirt will be delivered very soon. Next lottery drawing will take place on Sunday the 10th of October 2010 and there will be 3 one year SimPass to win. Good luck to you all.

## SHARED EQUIPMENT : CHANGES

Starting 1st of January 26, there will be a some changes to the shared equipmen,t like :

-It will become impossible to use shared equipment in a FWF.

-The use of shared equipment will depends on your investment. With an investment of 50%, you will be able to use it up to 50% of its APs (this is not the case so far).

-How many shared equipment you have is and will stay unlimited.

For example, a farm with 15 machines, 5 of them being shared, will be able to use only 10 for its FWF and 5 only for its own works. Thank you for taking this changes into account for the future.

Good game to you all,

**- INFO FOR THE ANNUAL SHOW CHEESE CONTESTS -**

If you plan to sign up your cheeses for the coming Annual Show contests, here are some important info and dates :

-There are 2 categories, "**Artisanal Cheese**" and "**Industrial Cheese**".

- This competition will reward the best cheese for each region/Province and this for each cheese.

- For cheeses produced at national level, there will be as many rewards as there are regions/provinces.

- Each farmer can exhibit only **a one kilo sample** per cheese. Of course he can exhibit samples of the different cheeses he produces.

- The sample must be optimally matured to be registered for the competition.

- The cheese Shelf Life (SL) must not be exceeded on the day of the competition.

- Samples brought for the exhibition are lost.Each farmer who wants to exhibit cheese has to pay subscription and registration rights :

**120 euros per sample exhibited**

- Sample deposit dates :

<b>Type of cheese</b>	<b>Sample deposit date</b>
Goat Cheese (GC)	7th February to 1st March 23:00 (server time)
Soft Ripened Mody Cheese (SRMC)	7th February to 2nd March 23:00 (server time)
Soft Rind Washed Cheese (SRWC)	7th February to 3rd March 23:00 (server time)
Blue Cheese (BC)	7th February to 4th March 23:00 (server time)
Pressed Uncooked Cheese (PUC)	7th February to 5th March 23:00 (server time)
Presse Cooked Cheese (PCC)	7th February to 6th March 23:00 (server time)

Keep these dates in mind if you want to sign your cheeses up for the contests. Be careful, your cheese samples Shelf Life is important too. Your cheese must be at its maximum maturation when you will sign it up.

You can already plan your production and maturation process to make sure your cheese will be ready for the contests.

- Exhibitions Calendar :

<b>Type of cheese</b>	<b>Exhibition date</b>
Goat Cheese (GC)	2nd March (date SimAgri)
Soft Ripened Mody Cheese (SRMC)	3rd March (date SimAgri)
Soft Rind Washed Cheese (SRWC)	4th March (date SimAgri)
Blue Cheese (BC)	5th March (date SimAgri)
Pressed Uncooked Cheese (PUC)	6th March (date SimAgri)
Presse Cooked Cheese (PCC)	7th March (date SimAgri)

For each cheese, only one reward, **The Golden Medal**. The medal is given to the player winner of the contest and allows him to sell a higher price this cheese for a whole year, that is from the **1st of April of the current year until the 7th of March** of the following year.

Good luck to you all,
